Diagnosis report of

2016 SUBARU XV Premium

Diagnosis details

Mileage on completion date: 152 230 km

Checked by Longo Shared Service certified diagnostics team: Mindaugas G., Arnas S.

This vehicle has been inspected in accordance with the Longo 150-point checklist, covering the body exterior, interior, and mechanical condition. Based on the inspection performed and the information available at the time of assessment, no indications of involvement in major accidents were identified. Information regarding maintenance history and mandatory roadworthiness inspections is based on available documentation and records from the country of export. Please note that certain general wear and tear issues are considered acceptable and may not be repaired.

Summary of diagnosed issues

During the comprehensive diagnosis conducted by Longo, 11 issues were identified in the vehicle.

Interior	Exterior	Mechanical
✔ 3 issues identified	✔ 4 issues identified	✔ 4 issues identified

Diagnosis process

OBD II diagnosis
