Diagnosis report of

2019 VOLVO S60 R-Design

Diagnosis details

Date of completion: 27.01.2025

Mileage on completion date: 185 119 km

Checked by Longo Shared Service certified diagnostics: Arnas S., Eimantas A.

This car has been thoroughly checked according to **Longo 150-point checklist** which covers Body exterior, Interior, and Mechanical condition. We can confirm that it has never been involved in major accidents and has had regular maintenance, as well as mandatory roadworthiness tests in the country of export.

Please note that certain general wear and tear issues are considered acceptable and may not be repaired.

Summary of diagnosed issues

During the comprehensive diagnosis conducted by Longo, 5 issues were identified in the vehicle. 3 of these issues were rectified. 2 of the diagnosed issues are deemed to be fair wear and tear.

INTERIOR	EXTERIOR	MECHANICAL
☑ 1 issue rectified	2 fair wear and tear	2 issues rectified

Diagnosis process

Diagnosed issues repaired

Interior

1. FRONT: Windows wiper rubber and handle (front & rear) - condition

Change front wiper (mechanical)

Mechanical

1. OTHER:

Engine oil & filter change

2. OTHER:

Charge the battery

Fair wear and tear

Exterior

1. REAR: Rear bumper - condition and alignment

2. SIDE: Left and right side - visual damage / scratches

Longo 150-point checklist

Every vehicle is carefully examined according to Longo's comprehensive 150-point checklist, ensuring a thorough assessment of the car's interior, exterior, and mechanical condition. Depending on the factors such as condition, mileage, and specifications, additional checks may be included or certain points from the list may be omitted.
